

# **Multimedia Applications Processors - Automotive Applications, Connectivity, Integration, ARM9™ Core**

## **i.MX281**

Last Updated: Apr 9, 2022

The i.MX281 multimedia applications processor offers integration that tailors itself to the connectivity requirements of many automobile infotainment systems not requiring a display. This processor with full AEC –Q100 automotive qualification has been architected to meet auto infotainment requirements such as CAN, USB connectivity, and audio connectivity.
