

NXP Supplier List 2018

NXP has a strong commitment to sustainability and social responsibility. NXP pursues mutually beneficial relationships with its suppliers and contractors in a collaborative and consultative approach to their continuous commitment to observe the applicable rules of law and to support and respect ethical business, environmental and human right practices. NXP is committed to ensuring that working conditions in our supply chain are safe, that workers are treated with respect and dignity, and that our products and processes are environmentally responsible.

The NXP Supplier List represents 98 percent of procurement expenditures for materials, manufacturing, and assembly of our products worldwide for fiscal year 2018.
